Tao Tao is currently enrolled in the Master of Science in Financial Mathematics at the University of Chicago. Tao graduated from University of Toronto with a Bachelor's degree in Economics and Statistics.

Having majored in Statistics and Economics during his undergraduate, Tao has covered asset pricing, corporate finance, derivatives, portfolio theory, CAPM model and multi-factor model. Achieving Dean's List over his tenure, Tao displays credible academic capability in finance, math, statistics, and programming. Given Tao's strong interest in understanding advanced computational methodologies, he furthered his studies at University of Chicago.

During his internships at Pacific Asset Management Co. Ltd., Tao has gained experience in applying computational methods. This encouraged his goal of implementing these methods into the finance sector.

Aside from the technical skill-set, Tao has interests in cooking with recipes from different cultures.
