

KANGSHI QIU

M.Math
Quantitative Research Intern

kangshi.qiu@bodhiresearchgroup.com

Kangshi Qiu graduated with a bachelor's degree in Finance from South China University of Technology. He attended University of Chicago to enhance his understanding in more advanced financial and mathematical theories, as well as the implementation tools of various theoretical models.

Kangshi has accumulated a solid foundation in quantitative finance. Academically, he ranked the 2nd place in the Department of Finance at South China University of Technology (SCUT) achieving approximately a 95% in core math/stat courses and 97 in the Java programming course. In addition, Kangshi has enrolled in upper level finance courses, including Econometrics, Financial Engineering, Financial Risk Management, Financial Calculation and Corporate Finance, all challenging and require strong capability in mathematical analysis and logical thinking where he was one of the top-ranked students in the respective courses. During his tenure at SCUT, Kangshi attended the London School of Economics and Political Science (LSE) during the summer of 2018 for their exchange program.

In 2019, Kangshi has completed 2 internships: at the Investment Banking Division (IBD) of Guotai Junan Securities and the Risk Management Department of China Merchants Securities.
