

KAILASH KOHLI

Intern

kailash.kohli@bodhiresearchgroup.com

Kailash Kohli is enrolled in the double degree program for Honours Mathematics at the University of Waterloo and a Bachelor of Business Administration at Wilfrid Laurier University, specialising in Finance. He has a passion for financial markets and investing and is excited to gain insight into the Alternative Investment industry working with Bodhi Research Group.

From an early age, Kailash has been immersed in the world of mathematics. Beginning as a high school tutor and later advancing to a professional instructor at Mathnasium, his fascination with leveraging mathematical analysis and statistics to optimise and enhance solutions has only grown stronger. As he embarks on his journey toward a career in finance, Kailash is committed to applying these very principles to shape a brighter future.

In his free time, Kailash loves to play all types of racket sports, specifically table tennis, where he competed in Ontario tournaments. He also enjoys playing the piano and listening to classical music.
