

## NORA GONG

M.Math  
Quantitative Research Intern

[nora.gong@bodhiresearchgroup.com](mailto:nora.gong@bodhiresearchgroup.com)

Zhehui (Nora) Gong is enrolled in the Master of Science in Financial Mathematics at University of Chicago. She graduated from Ohio State University with Bachelor's Degree in Mathematics.

After graduation, Nora started off her career in the Private Equity industry where she worked as an analyst focused on research in the oil & energy sector. Then, Nora briefly worked at a Venture Capital firm in Shanghai before she started her further study at the University of Chicago.

With a background in mathematics, Nora's expertise is leveraging her quantitative modeling and analytics skills on the financial markets. At University of Chicago Nora sharpened her skills analyzing the public markets, especially for equities and derivatives. She has strong capability of using quantitative methods for financial problem solving and making linkages between various markets. Nora is equipped with financial markets knowledge and experience as well as a technical mindset in helping facilitate investment decision making.
