

## DR GARETH WITTEN

Vice President  
Investment Management Corporation of  
Ontario (IMCO)

Speaker

Gareth held various executive roles for investments and risk oversight. He is currently responsible for risk-related decision support for large transactions, ventures into new markets or geographies as well as assessment of other investment risk related developments at IMCO.

His role works closely with all investment strategies and serves as a member of the IMCO Investment Committee and co-Chairs all strategy-specific investment committees. Prior to IMCO, he was responsible for the total portfolio approach at the Ontario Power Generation Pension Plan and Nuclear Funds for the Ontario province. He is an expert in large portfolio design and management.

Gareth held numerous tenured, adjunct, and visiting professor positions at various business schools globally (UK, USA, Peru, South Africa, Canada). He currently teaches on the Master of Mathematical Finance Programme at the University of Toronto and serves on the Board of Weizmann Canada.
